CITIES SUMMIT

FOUR SEASONS AUSTIN

**MONDAY & TUESDAY
MARCH 12-13, 2018**

#CitiesatSXSW

Presented by

THE
KRESGE
FOUNDATION

WALTON FAMILY
FOUNDATION

CITYLAB

WELCOME

The Cities Summit at SXSW is an opportunity for civic leaders and creative urbanists of all disciplines to join together to learn, strategize and form coalitions to transform the cities of tomorrow. Cities are shaped by the culture, creativity and values of all who reside in them. It's through this lens that SXSW approaches cities: what roles do culture, design and innovation play in shaping the equitable, resilient and livable cities of the future? Our program centers around three concepts: **Cities of Innovation**, **Cities as Narrative**, and **Cities for All**. We hope the Summit fills you with inspiration and new perspectives on the promise of cities.

FINALISTS

1. Adressaparken

Adressaparken is a multi-use playspace with activities based on technology, media and art.

2. DRYVER

Dryver is a mobile drinking fountain robot that produces water from air, reflecting the absurdity of bottled water.

3. LuminoCITY

LuminoCITY x STEREOBOT is an urban, immersive art activation network linking together districts in Detroit.

4. The Hangout

The Hangout is an interactive installation that sparks social interaction through play using sight, sound, and touch.

5. Public Recreation

Public Rec is building fitness into the fabric of cities, starting with a new type of gym.

6. SPACEBUSTER: We Like America

Featuring SPACEBUSTER, a mobile urban activator, We Like America explores facets of The American Dream by instigating nomadic and transitory spaces.
